Lego Scrum training

Today's agenda

Some theory about Scrum

Vision & instructions for the city

Building with legos!

Review & final thoughts

What we are learning

Creative problem solving

Team collaboration

Continuous improvement

Working towards a common goal

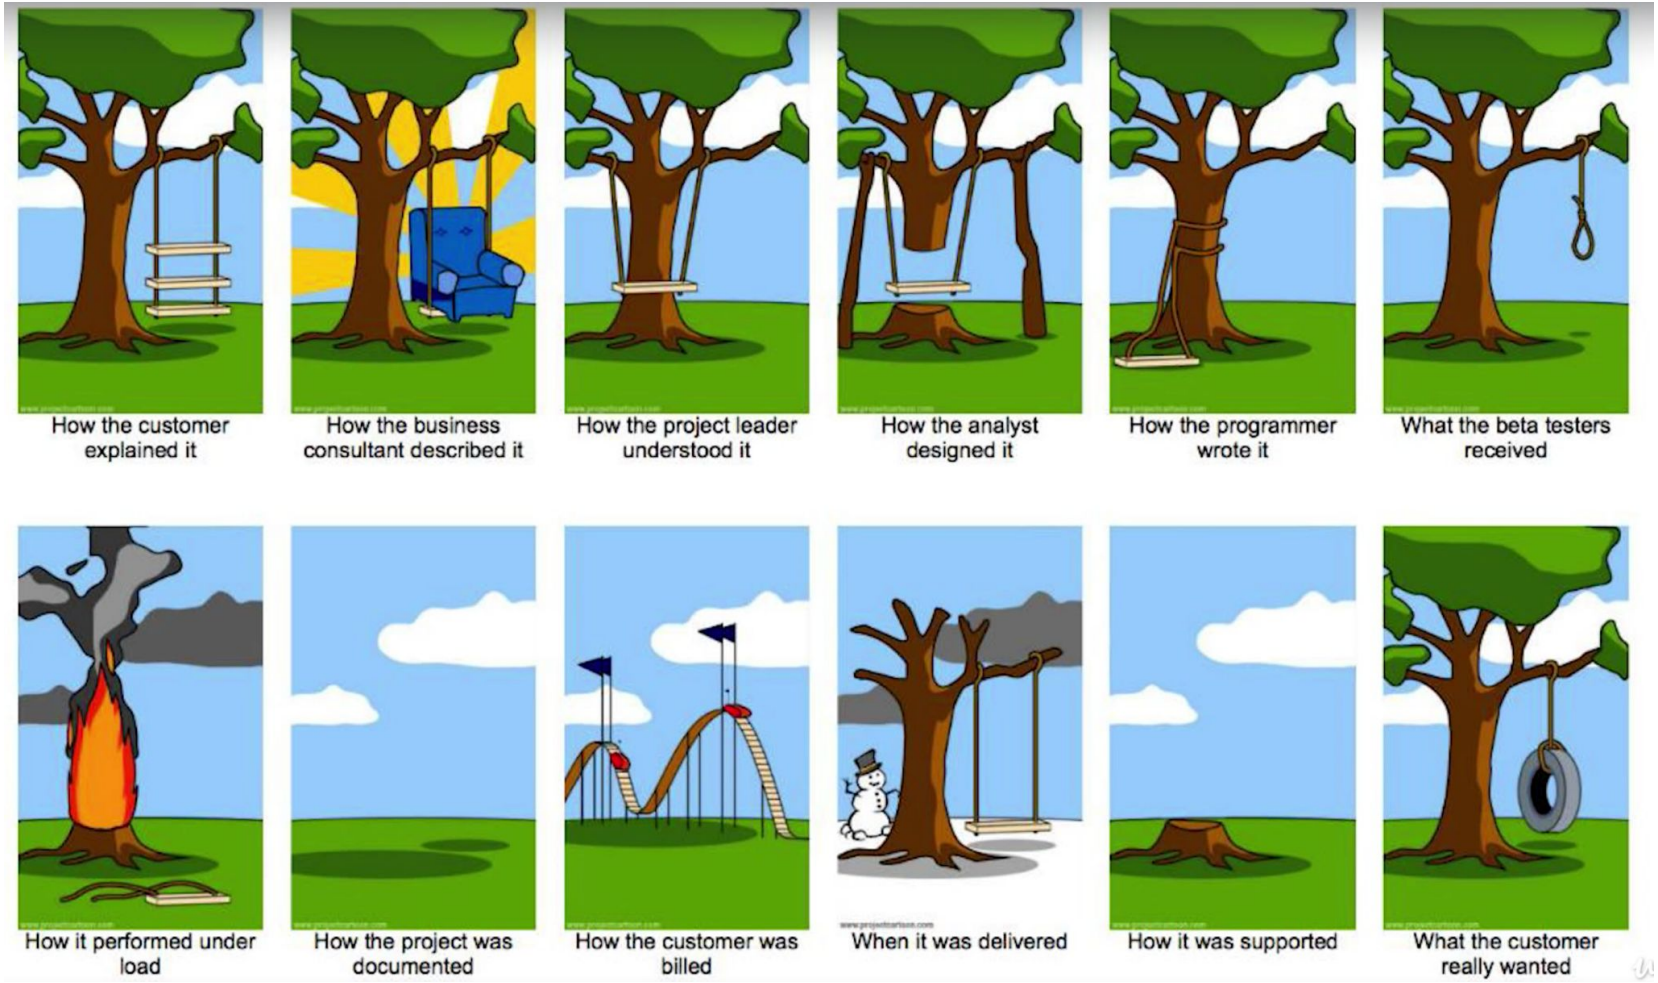
Quick Rules

Be present the whole session

No laptops or phones

Keep an open mind

Try to have fun!



How the customer explained it
How the business consultant described it
How the project leader understood it
How the analyst designed it
How the programmer wrote it
What the beta testers received
How it performed under load
How the project was documented
How the customer was billed
When it was delivered
How it was supported
What the customer really wanted

THE SCRUM FRAMEWORK

13:30 Post-game Debriefing 15 min

Product Vision & Backlog

Meet your Product Owner!

He'll present you with his vision and hopes for the city along with some additional information.

Review your product backlog and work out the responsibilities and tasks for the first sprint with your Scrum Master.

Debrief

Almost done, so let’s recap!

Did you learn anything?

How would it work in a real work situation?

Any feedback you would like to give?

THANK YOU!
